

E. Sievers Immobilien GmbH

31 July 2014

To whom it may concern,

This letter of reference for E. Sievers Immobilien GmbH. Herr Egbert Sievers acted his role of an estate agent to perfection. He was very professional throughout the process, took care even of the smallest details, he was always friendly and pleasant, and always on time. He went to great lengths to accommodate my request for having our dealings in English, and even though he claimed he was not very comfortable with the language, he definitely made the best he could and with a very positive outcome.

Needless to say, if I ever have to deal with real estate matters in Munich again, I will definitely look for his services.
